3-inch	\$9.73
4-inch	\$9.73
6-inch	\$9.73
8-inch	\$14.01
10-inch	\$20.14

Terms and Conditions

All rates in this Schedule shall be subject to their proportionate part of any taxes or other governmental imposts which are assessed directly or indirectly on the basis of revenues derived from service under this Schedule, or on the basis of the service provided or the volume of water produced, purchased or sold.

Water service provided under this rate schedule is subject to this District's Rules and Regulations and may be subject to this District's Miscellaneous Service Charges set forth in Rate Schedule MISC-1.

Private fire protection service will be provided only if the customer purchases his entire water supply from this District. The customer will pay, without refund, the entire cost of installing the service connection from the nearest main of adequate size to service a private fire protection system in addition to all service. If a private fire hydrant is installed, the customer will pay, without refund, the entire cost of installing the fire hydrant.

The maximum diameter of the service connection will not be more than the diameter of the main to which the service is connected. The maximum diameter of a fire hydrant connection will not be more than the diameter of the main to which the fire hydrant is connected.

The customer's installation must be such as to separate effectively the fire sprinkler system from that of the customer's regular water service.

As part of the sprinkler service installation, there shall be a detector check or other similar device acceptable to the Company that will indicate the use of water. Any unauthorized use will be charged for at the regular established rate for general metered service, and may be grounds for the Company's discontinuing the fire protection service without liability to the Company.

Private Fire Protection FP-1 (continued)

There shall be no cross-connection between the fire sprinkler system supplied by water through the Company's fire sprinkler service to any other source of supply without the specific approval of the Company. This specific approval will require, at the customer's expense, a special double check valve installation or other device acceptable to the Company. Any such unauthorized cross-connection may be grounds for immediately discontinuing the sprinkler system without liability to the Company.

The Company will supply only such water at such pressure as may be available from time to time as the result of its normal operations for the system.

A 1½% late payment penalty will be applied to account balances not paid within twenty-five (25) days after the postmark date of the bill in accordance with Rule 8 (H).
